

Rural Stirling

Housing Association

About us

We are small but growing organisation that builds and manages a wide range of properties to meet a variety of needs across Rural Stirlingshire. From our office in Doune, we currently manage 678 properties for rent and shared ownership throughout the area. Our subsidiary company, Venachar Limited, provides a small number of Mid-Market Rent properties and private letting agent services for owner occupiers.

We have an ambitious new build development with new build projects currently on site and proposals to develop circa 150 units over the next three years.
