

ANNUAL COMPLAINTS REPORT 2021-22

Introduction

Rural Stirling Housing Association takes complaints seriously and wants to learn from them in order to improve our services to all our customers and service users.

This Annual Complaints Report provides an overview of our performance from April 2021 to March 2022. The report explains how we performed in our handling of complaints received during the year.

Performance Indicators Why we publish our performance

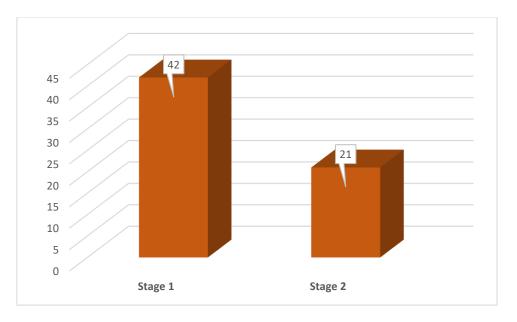

The performance indicators that we report on are set by the Scottish Public Services Ombudsman (SPSO) and we are required to report on our performance annually against these indicators. You can see how we performed on the next page.

This report will also show how we have learned from the complaints we have received and how we have addressed issues raised through our complaints process.

As well as the indicators set by the SPSO, we are also required to publish our performance as part of the Annual Return on the Scottish Social Housing Charter, which we submit to the Scottish Housing Regulator (SHR) in May every year.

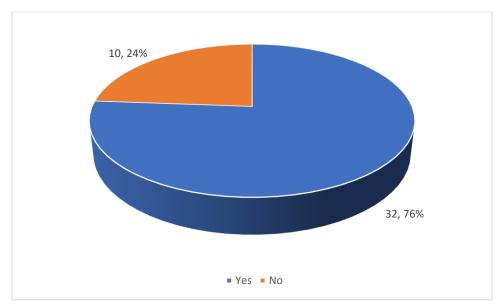

How we performed

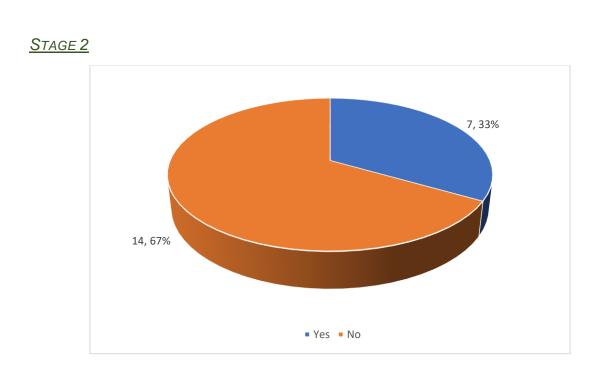

• THE TOTAL NUMBER OF COMPLAINTS FROM 1 APRIL 2021 TO 31 MARCH 2022

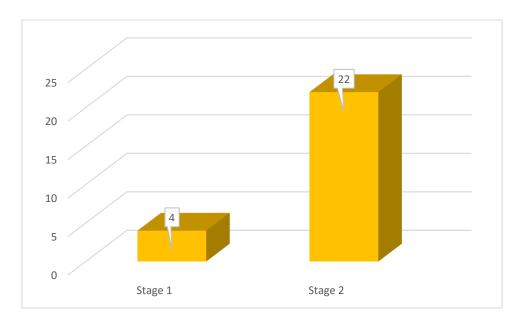

• THE NUMBER AND PERCENTAGE OF COMPLAINTS AT EACH STAGE THAT WERE CLOSED IN FULL WITHIN THE SET TIMESCALES OF 5 WORKING DAYS FOR STAGE 1 COMPLAINTS AND 20 WORKING DAYS FOR STAGE 2 COMPLAINTS.

<u>Stage 1</u>

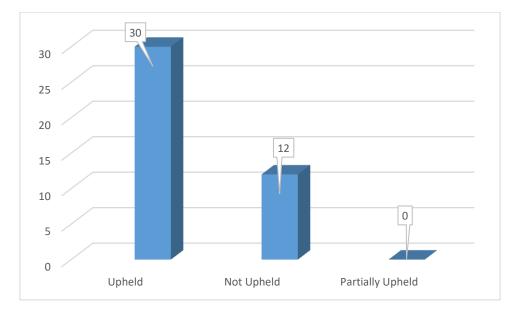

• THE AVERAGE TIME IN WORKING DAYS FOR A FULL RESPONSE TO COMPLAINTS AT STAGE 1 AND STAGE 2.

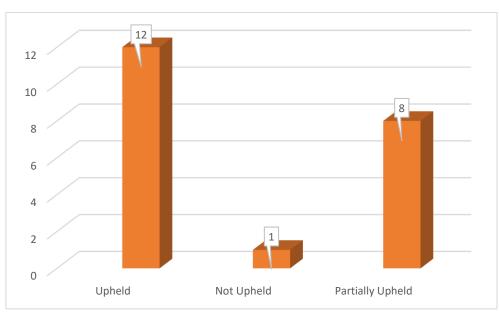

• THE OUTCOMES OF COMPLAINTS AT STAGE 1 AND STAGE 2. HAS THE COMPLAINT BEEN UPHELD, PARTIALLY UPHELD OR NOT UPHELD.

<u>Stage 1</u>

STAGE 2

How we perform against other Housing Associations 2021/22

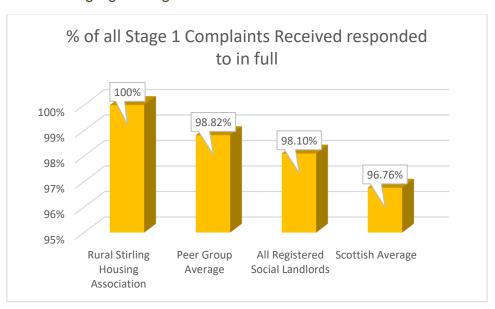

As a social landlord, it is important that we benchmark ourselves against similar sized Housing Associations to compare performance and identify areas of service we can improve on to ensure we are providing the best possible service for you, our customers.

The charts below shows comparison with our Peer Group, All Registered Social Landlords and the Scottish Average for;

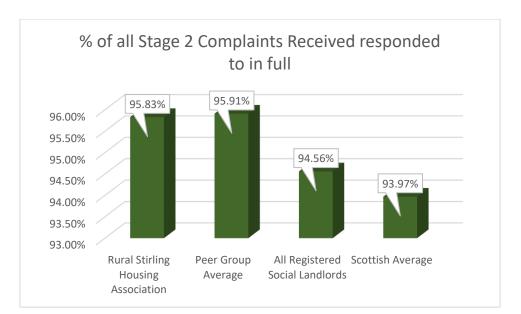

- Percentage of all Stage 1 complaints received that were responded to in full
- Percentage of all Stage 2 complaints received that were responded to in full
- Average time, in working days, to respond to complaints at Stage 1
- Average time, in working days, to respond to complaints at Stage 2

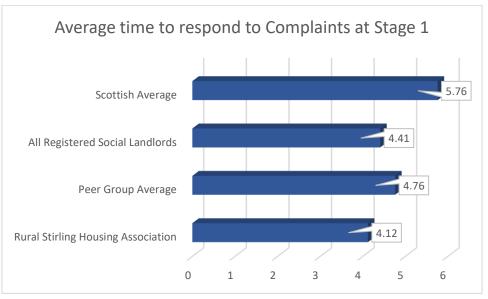

The SPSO model complaints handling process ensures there is a standardised approach in terms of reporting, this means it is a requirement that all Housing Associations report in the same way and follow the same guidance when handling complaints.

Learning from customer feedback

We have looked back at all complaints received in the past 12 months. The analysis of this information has shown us led to

- A review of our void lettable standards
- Making sure landscaping work is checked thoroughly as part of the estate inspections
- All customer correspondence being sent on headed paper
- Photos being taken of gardens when Housing Officers are caring out inspections if gardens are in poor condition
