

Climate Change and Your Home Survey – we need you

Scotland's Housing Network and the Tenants Information Service (TIS) are undertaking a survey of social housing tenants across Scotland to help understand tenants' views and attitudes towards climate change.

Meeting these aims is a big task and will require social landlords' to invest a large amount of time and money. This is why they need your help, as a social rented tenant, to plan how to manage the improvements needed to people's homes; especially as this will involve carefully assessing the impact that these changes could have on rent levels.

Completing this survey will also help social landlords across Scotland to understand what tenants' and residents' views on climate change are and what they would like to know more about. This will help us to develop a communication strategy that can be used across the social housing sector.

If you have any questions or concerns about the survey, please contact Trudi Tokarczyk at trudi.tokarczyk@scotlandshousingnetwork.org
