HEALTH & HOUSING NEEDS FORM

NAME:

Confidential

FOR OFFICE USE ONLY:		Application no:	
Date Received:		Grade Awarded:	
Processed By:		Letter Issued:	

**PLEASE READ THESE NOTES BEFORE
COMPLETING THIS FORM**

The key principle of assessing for medical points is that the medical condition itself will not be assessed, but whether a new home can significantly alleviate the condition. We will not normally award medical points if i) your health need or mobility is likely to be temporary (after an accident or operation. ii) your existing home can be adapted and made suitable for your needs

If more than person within the household has a medical condition which means it is necessary to move house, please complete a form for each person. We will only award one set of medical points but this will be to the household member with the most serious need.

Points will be awarded as follows:

Priority A: Extreme	40 points
Priority B: Serious	15 points
Priority C: Significant	10 points
Priority D: None	0 points

Please complete the medical form as thoroughly as possible so that we can assess points as accurately as possible.

We will contact you after your application has been assessed and will tell you how many medical points you have been awarded and how many points in total you have. This will be approximately 2 weeks after you have returned your medical assessment form.

If you have any difficulty reading or writing or are visually impaired or need help in completing the form, please contact us and a member of staff will be pleased to give you advice and assistance.

All applications will be treated confidentially and fairly.
